

WILLOWS INGREDIENTS

Selen 9 Plus™

L-Selenomethionine DCP Blend (0.5% Se)

DEVELOPED BY WILLOWS INGREDIENTS LTD

Are you a wellness supplement manufacturer struggling to locate a quality assured, high grade blend of L-Selenomethionine DCP suitable for your end products?

WHAT IS SELEN 9 PLUS™?

- Selen 9 Plus is Food Grade L-Selenomethionine blended with Dicalcium Phosphate Anhydrous.
- Selenium is an important trace mineral in the body that is a component of some proteins and is involved in reproduction, DNA and thyroid hormone production, and cellular protection.
- The most common reasons for taking L-Selenomethionine in a health supplement include support for the thyroid gland, heart, and immune system and management of healthy cholesterol levels.

APPLICATIONS

- ✓ Human Health Supplements
- ✓ Functional Beverages
- ✓ Functional Foods

Efsa Approved Health Claims Dated 22.07.21
